Accessories

THE NEW LANCER

BE DIFFERENT!

Why bother with accessories, you might ask. Just throw everything you can think of at the design board and you've got the perfect automobile.

Well, one reason for options and accessories is that your definition of perfection is more likely to differ from ours than it is to coincide with it. Another is that cars reflect people's individual style, taste and character. We're all different and we like to be seen to be different.

So, what we at Mitsubishi Motors have done, is build a Lancer that's packed with the latest in automotive technology, that meets and exceeds the demands of modern and everyday motoring, but that leaves the definition of perfection up to you. The wide range of options and accessories in this brochure will enable you to tailor your new Lancer to suit your needs in every respect.

PROMINENT PRESENCE

The Lancer's presence is prominent on city streets and the open road alike. Its powerful bodylines and robust curves have turned heads from London to Tokyo. For the finishing touch, Mitsubishi designers have come up with a comprehensive range of options and extras to enhance your Lancer's good looks to taste. They've all been fashioned specifically for the Lancer, ensuring a perfect finish and the ultimate in safety.

THE SERIOUS BUSINESS OF INTERIOR DESIGN

The inside of the Mitsubishi Lancer leaves very little to be desired: a spacious cabin, elegant, minimalist styling, knobs and dials where you'd expect them to be, and, of course, an overall atmosphere of calm and relaxation. All the finer points of detail are a personal thing, so we've left them up to you. Do you like carbon? Or perhaps a beautiful alloy and leather shift knob? Take a look at the accessories we have to offer and let the interior decorator in you out.

IN-CAR ENTERTAINMENT

AN ENJOYABLE, CAREFREE DRIVE

The Mitsubishi Lancer offers superb handling and control. Only to be expected, really, from a vehicle with rally-racing pedigree that's been tamed for the open road. It's fun to drive and we're confident that you'll take it out for a spin just for the sake of the spin. Generally, though, you'll be going places and you'll want to get there via the quickest possible route. The fully integrated, state-of-the-art 30GB hard disk navigation and audio system will ensure that you have an enjoyable and care-free drive!

Multi media console ▶
For mobile phone cradles, iPod, MP3 player etc.

A LUXURY SPORTS SEDAN

The Mitsubishi Lancer is a luxury sports sedan and as such, you expect it to meet the highest standards of comfort and ergonomics and reflect the latest in automotive fashion and trends. And it does. Versatile seating arrangements, clever storage and the use of the finest materials is testimony to that. Whether your purpose is business or pleasure, the Lancer will get you there in comfort and in style. As remarked before, however, we are all different and to do further justice to that fact, Mitsubishi Motors have developed several practical extras so that you can tailor your comfort to your individual taste, style and needs. Floor mats, sunblinds, a lighter – they are as simple as they are effective. They've all been tailor-made for the Lancer and meet the highest standards of quality.

Lancer shown with front airdam, black upper grille, black front bumper styling foil, alloy brushed fog lamp rings, side airdam with black foil, carbon mirror covers, b-pillar decoration foil, large sporty rear spoiler and 18" alloy wheels.

SAFETY & PROTECTION

WINNING SAFETY & PROTECTION

Mitsubishi Motors builds winners. And to win, as they say in the trade, you need first to finish. Now there are many ingredients that go into finishing first: speed, reliability and yes, the driving prowess of the wo/man behind the wheel. The key factor that's often overlooked, however, and that's just as important, is safety. For this reason, each component of each Mitsubishi automobile has safety at the top of its list of design specifications. Depending on your needs, you may like to consider some of the extra safety accessories we've developed. Like a range of child safety seats for your younger passengers, rear-parking assistance, or an alarm system. Maximum safety and protection all round, that's what building a winner is all about.

TRANSPORT & LEISURE

Lancer shown with rear airdam, exhaust finisher, large, sporty spoiler, roof carrier, surfboard carrier, b-pillar decoration, side airdam with black foil and 18" alloy wheels.

THE ULTIMATE IN FREEDOM AND PRACTICALITY

The Lancer has been designed to get the very maximum out of it in practical, everyday use. Looks, performance, endurance – the car is top of its class. Yet everyone has hobbies and habits that lead them to the most diverse places. And often with plenty of extra luggage to take along. It's good to know then that the Lancer offers the ultimate in freedom and practicality. A roof carrier, for instance, with many different carrier attachments, and a towbar for the really heavy loads. Make the most of the Lancer's versatility and make the Lancer's versatility yours.
